PROF. G. RANGA: In view of the fact that Government have received this information either through press reports or in any other way, that these deaths have occurred due to the injection of penicillin, is it not necessary that Government should investigate whether there is any truth behind this at all and how such calamities can possibly be prevented in future?

RAJKUMARI AMRIT KAUR: With regard to the few deaths that have been reported, in the first instance, I would inform the House that it is the duty of the State Governments to investigate them. They are responsible for any deaths that take place in hospitals under their charge. Medical authorities everywhere are fully alive to the fact that occasionally some human beings might have certain allergies and it is that which in a very small number of cases is responsible for deaths; in other countries also it has happened. It is not as a rule due to any wrong diagnosis on the part of the doctor. It is just due to certain allergic conditions to which the human frame sometimes responds in a particular manner.

DR. D. H. VARIAVA: May I ask if the Health Ministry has received any complaint that the penicillin that is put on the market is often outdated?

RAJKUMARI AMRIT KAUR: No, Sir. I have not received any such complaint. As a matter of fact, almost all our hospitals today are buying penicillin from our own production.

†INTRODUCTION OF HELLSCHEBREITER TRANSMISSION SYSTEM

*60. SHRI NAWAB SINGH CHAUDHARI: Will the Minister for Communications be pleased to state:

(a) the names of countries with which Government propose to introduce the Hollscchein transmission system and the manner in which and the time by when this system will be introduced; and

(b) whether Government propose to utilise this system for inland transmissions also; if so, what are the details of the scheme?

†THE MINISTER FOR NATURAL RESOURCES (SHRI K. D. MALAVIYA): (a) and (b). The Hollscchein transmission system is used at present only for the reception of wireless newscasts from Globe Reuter, London, on behalf of the Press Trust of India. There is, however, no proposal to introduce this system either in the inland or external telegraph services.

SHRI R. U. AGNIBHOJ: What is this Hollscchein transmission system?

AN HON. MEMBER: Nothing to do with Hell.

SHRI K. D. MALAVIYA: As far as I have been able to understand in the last 24 hours, the Hollscchein system is one of the forms of transmitting telegraphic messages. Just as there is a Morse system and there is a Baudot system, similarly there is this Hollscchein system of transmitting message through wireless.

प्राधिक संसाधन मंत्री (श्री कृष्ण शर्मा मलविया) का दायित्व पेश करना है, क्या वह लिखा है कि "the system will be introduced as a regular measure shortly". इसका क्या मतलब हुआ?

श्री कृष्ण शर्मा मलविया: मैं निर्मल सुधार अधिकारी द्वारा संकेतगण करूँगा।

(क) उन उत्तराधिकारियों के नाम क्या है जिनका संचार से रेडियो टेलीफोन द्वारा संपर्क रखना है, उनमें से कोन-कोन किस किस देश के हैं तथा उन्होंने उनके संस्कृति और कितने प्यार-प्यारकर दिये हैं, और

(ख) क्या यह रेडियो टेलीफोन केन्द्र इसी जहाजों के इस्तेमाल के लिए है या गैर- भाषण कार्य के लिए भी उनका उपयोग किया जा सकता है?

†[Radio Telephone connections between India and Foreign Ships]

61. श्री नवाब सिंघ चाँहन: वित्त मंत्री जी के लिए निर्देश करें कि श्री राजा चांहन के नाम के लिए निर्देश करें।

(अ) तीन सप्ताह के अंतराल में से एक विचार ला दीजिए, जिसमें इसका संचालन से यह जाना जाता है कि इसमें उन तीन जहाजों के नाम, जो रेडियो टेलीफोन द्वारा भारत से संपर्क रख सकते हैं और उन देशों के नाम, जिनके लिए आप कर रहे हैं।

(ब) कहाँ केन्द्र का उपयोग किया जा सकता है?

†[The Minister for Natural Resources (Shri K. D. Malaviya)]:

(अ) A statement giving the names of twenty-three ships which can maintain contact with India on radio telephone and the names of the countries to which each of them belongs, is laid on the Table of the Sabha. All those ships are privately owned. (See Appendix XIV, Annexure No. 3.)

(ब) The radio telephone system in these ships is not meant for the exclusive use of the ships and can also be utilized for public purposes.]

श्री नवाब सिंघ चाँहन: यह जो विचारण संबंध पर रखा गया है, इसमें 23 जहाजों के नाम हैं जो संचलित किए गए हैं और इसमें किसी देशी जहाज का नाम नहीं है। क्या मान्यता मंत्री इसका कारण बतला सकता है कि हमारे भारतीय जहाज को यह सुविधा की जा सकती है?
